

Proposal: Anonymous Student Concern Portal for SRC

1. Project Overview

This proposal is in response to a request from the Student Representative Council (SRC) to develop a secure, modern web-based portal where students can anonymously submit their concerns to the SRC. The platform will serve as a bridge between the student body and leadership, empowering students to express issues or suggestions freely without fear of identification.

2. Objectives

- Provide a secure and anonymous channel for students to raise concerns.
- Ensure student voices are heard without compromising identity.
- Enable SRC administrators to review, manage, and respond to submissions.
- Promote transparency and trust between students and leadership.

3. Key Features

Student Portal:

- Anonymous submission form for concerns
- Categorisation of concerns (e.g., academic, welfare, facilities, etc.)
- Optional comment section to allow peers to share similar experiences

Administrator Dashboard:

- Secure login for SRC/administrators
- View all student submissions
- Approve or archive concerns
- Respond internally (optionally display responses on the site)
- Tag and filter concerns
- Export or report functionality for documentation

4. Technology Stack

- Frontend: HTML5, Bootstrap 5, JavaScript
- Backend: PHP (MVC Pattern)

Proposal: Anonymous Student Concern Portal for SRC

- Database: MySQL
- Security: Validation, IP protection, moderation queue

5. Development Timeline

Phase 1: UI Design + DB Setup - 2-3 days

Phase 2: Development (Front & Back end) - 6-7 days

Phase 3: Admin Panel + Testing - 3 days

Total Duration - 2 weeks maximum

6. Estimated Cost

Full Portal Development - \$800

Design - Included

Deployment & Setup - Included

Post-launch Support - 1 month free

Note: If you prefer to pay in Ghana Cedis, the current rate applies (GHS9.5 to \$1).

7. Conclusion

This platform will offer a private, student-friendly, and efficient channel for raising important concerns. It encourages transparency, gives a voice to every student, and empowers the SRC with valuable insights to take action.

Sincerely,

Abraham Quarshie
